

2023
IMPACT REPORT

for creative and responsive leadership

WHY WE EXIST

LeadAfrique International was birthed in March 2014 to cultivate a new generation of creative and responsive leaders for Africa, enabling people to live purposeful, fearless, limitless, powerful and fulfilled lives.

and anecdotal evidence show that poor and unresponsive leadership is the cause of this spate of affairs.

We want to see an Africa that works. An Africa where we place

We want to see an Africa that works. An Africa where we place our collective interest over the individual. An Africa where we set the trend when it comes to development and innovation.

This dream has been necessitated by the fact that Africa has consistently lagged behind on almost all development indices in spite of its vast and rich natural resources. Many studies

our collective interest over the individual. An Africa where we set the trend when it comes to development and innovation.

VISION

A transformed Africa through creative and responsive leadership.

MISSION

We inspire people to achieve their GREATness.

OUR FOCUS

We aim to accelerate personal and business growth to avoid the successful failure syndrome.

YOUNG PEOPLE DEVELOPMENT PROGRAMS

Leadership Farm Summer Camp

Leadership Farm Summer Camp is a 1-week self and purpose discovery summer camp for people between the ages of 5-20.

In July 2023, we hosted 70 young people at 2 camp venues to build in them the skill of resilience.

70

Young people were impacted

Be Future-Ready

With the support of Star Ghana Foundation, we embarked on an ambitious project to equip 2 million Junior and Senior High students with active learning skills. The campaign supported students to learn according to their intelligence type and learning style and also equipped teachers to teach according to same.

21,000

JHS and SHS students with future-ready skills.

Compassion Leadership Challenge

LeadAfrique International served as a designer and implementing partner for Compassion International's 2023 Leadership Challenge to graduating beneficiaries.

330

EDUCATION PROGRAM

Intervention for Coca-cola Bottling Company of Ghana

We served as implementing partner for Coca-cola Bottling Company of Ghana during their Coca-Cola Unearthing Greatness Workshop. We trained 1,238 upper primary and junior high school learners in Kumasi and in Accra.

Participants were taken through essentials on goal-setting, time management and understanding learning, with each student receiving a supplementary workbook to serve as a guide and reference material beyond the day's impact.

Before interacting with the students, the teachers were exposed to the "Teacher Transformation Program" which reoriented them on understanding effective teaching and learning and also encouraged them to explore innovative ways of making teaching more relevant to the students' environments.
